ORGANIZATIONAL STRUCTURE

In addition to the commissioner's staff, the Office is divided into two major divisions: the Division of Regulation and Enforcement and the Division of Administrative Services and Policy Analysis. A brief description follows:

I. Commissioner's Staff

The commissioner's staff includes the deputy commissioner who serves as the head of the agency in the commissioner's absence, the staff counsel, and the secretaries to the commissioner and the deputy commissioner.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; conducting field reviews of insurer marketing practices; preparing enforcement proceedings; and prosecuting offenders.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

III. Division of Administrative Services and Policy Analysis

Office of Policy Analysis. This office is comprised of analysts who provide the commissioner and other agency personnel with technical expertise and analysis of policy issues, legislative analysis, and planning. This office also directs the public information program of the agency.

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding $10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of $200,000 per claim or $600,000 per year.

The Health Insurance Risk-Sharing Plan (HIRSP) is also housed in the Division of Administrative Services.

II - EXECUTIVE ACTIONS

SPECIAL TASK FORCE ON PROPERTY AND CASUALTY INSURANCE

The availability and affordability of property and casualty insurance is both a national and a state problem. Almost every state insurance department, state legislature, and other state agencies and organizations, as well as the federal government are seeking solutions. The cost of liability insurance has increased dramatically over the past year. In addition, certain lines of insurance may not be available at any price.

There are several factors which have contributed to the current problems. Some of these factors are a result of actions by the insurance industry itself. Others have developed outside the insurance industry, but have had a profound impact upon it. There are three areas which are widely recognized as being major factors contributing to the "crisis." The first is the recent pricing and underwriting practices of the property and casualty insurance industry. The second is the civil justice system. The third is the dependence of American society on insurance as the primary means for compensating a wide range of possible losses.

Many states have set up study groups or task forces to study the cost and availability problems and to develop long-term solutions. Since it is recognized that there is more than one cause of the problem, a single, quick solution is not possible. For example, Wisconsin has more stringent laws than many other states concerning mid-term rate increases and nonrenewals, and those regulations have been effective in helping consumers maintain affordable coverage during recent months. However, there may be some other approaches which could be employed to improve the insurance climate in the state so that an in-depth study of the problems and possible solutions is very important.

To advise the Wisconsin Office of the Commissioner of Insurance on actions this office may take to alleviate the problems, a special task force on property and casualty insurance was established. This task force was asked to study the underlying issues involved with the availability and affordability of liability insurance. The task force is comprised of representatives from government, the insurance industry, academia and the general public. A final report will be issued in June 1986.

The task force held four public hearings throughout the state in which over 70 witnesses testified, representing the concerns of insurers, agents, consumers and victims' advocates. A wide range of causes and potential reforms were cited. The testimony confirmed problems in obtaining liability coverage. These problems are being felt by many groups, including truckers, day care center operators and municipalities. It appears that at this time there are more problems with commercial lines liability insurance than personal lines liability insurance. This may be because of the fierce competition waged in the commercial lines market, the "deep pocket" theory wherein suits are pursued against the defendants with the greatest financial resources, e.g., corporations and municipalities, and because the expansion in the scope of liability usually occurs first at the corporate level and then filters down to the individual.

The task force established three subcommittees: Industry Conduct, Market Assistance Plans/Pools and Civil Justice Reform. The Industry Conduct Subcommittee was directed to investigate the current crisis, e.g., pricing practices, capital shortage and reserving practices and to make judgements as to the propriety of steps now being taken to solve the crisis. The Market Assistance Plans/Pools Subcommittee was directed to analyze various proposals for market assistance plans, risk-sharing plans and state operated funds. The Civil Justice Reform Subcommittee was directed to identify the role that the civil justice system is playing in the current situation and identify specific areas for possible reform, e.g., joint and several liability, punitive damages and contingency fees.

More than one factor has contributed to the liability insurance crisis and solutions must focus on all factors and how they interplay. The task force report will be summarized in the next Wisconsin Insurance Report. Appropriate measures may include changes in the statutes, administrative code, and the practices of OCI and the insurance industry.

LEGISLATION

The following acts of the 1985 Legislative Session affecting insurance were enacted in 1985.

Act 29 — the executive budget bill of the 1985 Legislature includes several provisions which have an impact on insurance sold in Wisconsin.

Section 611.76, Stats., was amended to revise the procedure for conversion of a mutual insurer to the stock form of organization when the mutual insurer is in poor financial condition. The amendments permit a mutual insurer to convert and to be acquired in a single transaction approved by the Commissioner. The policyholders may be compensated for their equity interest in the mutual insurer with any form of consideration, including, but not limited to, preferred stock, cash, notes or reduced premiums.

The required coverage of alcoholism, drug abuse and nervous and mental disorders included in s. 632.89, Stats., was changed to require that a group disability policy issued by an insurer must provide coverage for: (a) inpatient hospital services of not less than the lesser of $7,000 minus a 10% co-pay ($6,300 or equivalent benefits if a prepaid plan) or the expenses of the first 30 days as an inpatient; (b) outpatient services of not less than the first $1,000 of treatment minus a 10% co-pay ($900 or equivalent benefits if a prepaid plan); (c) a $7,000 maximum total coverage per policy year for inpatient and outpatient services combined.

The mandated outpatient coverage is expanded to include services performed by a psychiatrist in his/her office and by a licensed psychologist. The Department of Health and Social Services is directed to review the required coverage every three years to recommend increases to the Governor. The increases shall not exceed the medical assistance growth rate.

General purpose revenue is provided to subsidize the premiums paid by participants in the Health Insurance Risk-Sharing Plan. Premiums paid by the participants are reduced according to a schedule in the statute and range from a 30% reduction for those with an income of less than $6,000 to a 6% reduction for those with a household income of $15,000 to $16,500. If the household income exceeds $16,500, there is no premium reduction. Premiums may not be reduced to less than 100% of the rate that a standard risk would be charged for substantially the same coverage as that provided by the Health Insurance Risk-Sharing Plan.

Changes were made in s. 619.216, Stats., to allow the board of the Health Insurance Risk-Sharing Plan to select the administrator of the Plan through competitive negotiations rather than a formal bidding process. The eligibility provisions for the Health Insurance Risk-Sharing Plan were amended so that a person covered by Medicare due to a disability is eligible for coverage under the Plan. No medical underwriting notice is necessary for individuals covered by Medicare. The eligibility section was also amended so that an individual may obtain coverage under the Health Insurance Risk-Sharing Plan if the person has received two notices of an adverse determination from a health insurance company within nine months. Previously the two notices had to be received within six months.

Every motor vehicle rust proofing warrantor must purchase an insurance policy covering the warranties and s. 100.205, Stats., requires such policies to be in a

form approved by the Commissioner of Insurance. Sections 618.41 (6m) and 631.01 (4m), Stats., require insurers that issue warranty insurance to comply with s. 632.18, Stats., and to issue the policy on a form approved by the Commissioner under s. 631.20, Stats. Section 632.18, Stats., requires an insurance policy which covers a warranty to fully cover the financial integrity of the warranty.

Section 601.65, Stats., was created to hold insurance marketing firms strictly liable for the misdeeds of their agents. A firm is liable for an agents violation if the violation is in connection with a policy or certificate obtained through or from the firm and if the agent has a continuing and significant relationship with the firm.

Sections 59.07 and 120.13, Stats., were amended to authorize counties and school boards to self-insure employe health care benefits, provided the self-insurance group contains at least 100 employes. Joint groups of two or more counties or school boards may be formed in order to meet the 100 employe requirement. Any self-insurance plan which covers less than 1,000 employes must include excess or stop-loss reinsurance obtained through a licensed insurer. The Commissioner may prescribe detailed requirements for reinsurance by rule or by order. The Commissioner may promulgate rules governing self-insurance plans to ensure that they comply with all applicable provisions of chs. 600 to 647, Stats.

A definition of Medicare replacement policies has been added to s. 600.03 (28p), Stats. The term "Medicare replacement" has also been added to existing statutes concerning loss ratios, free look provisions, minimum standards and preexisting condition limitations. Reference to Medicare replacement policies has also been added to Chapter 185 giving the Commissioner authority to adopt rules relating to cooperatives offering Medicare replacement contracts.

A separate chapter (Chapter 609) has been created defining health maintenance organizations, preferred provider plans and limited service health organizations. It sets standards for primary providers and referrals, describes dual option requirements (employers offering a health maintenance organization or preferred provider plan must also offer a standard plan if employer has less than 25 full-time employes or if 25 or more employes want it), describes required grievance procedures and requires rules for preferred provider plans. The Commissioner is to prepare a note for inclusion in Chapter 609, Stats., of each biennial edition of the statutes listing the significant provisions of Chapters 600 to 655, Stats., that apply to health maintenance organizations, preferred provider plans and limited service health organizations.

Section 632.755, Stats., was created to prohibit insurers from terminating coverage or providing different benefits because an insured or dependents are eligible for medical assistance and to provide that insurance benefits are primary to medical assistance benefits. Section 632.77, Stats., was amended to prohibit the Commissioner from adopting a rule or approving a policy form which does not comply with s. 632.755, Stats.

Several changes were made in s. 628.36, Stats., relating to limitations on corporations supplying health care services. Only health maintenance organizations, preferred provider plans and limited service health organizations may operate on a "closed panel" basis. No provider may be required to participate exclusively in health care plans. In general, no health care plan may prevent people

from choosing among providers participating in the plan. However, any health care plan may require a person to use a primary provider when reasonably possible. (A health maintenance organization, preferred provider plan or limited service health organization may require enrollees to choose a primary provider and obtain referrals to specialists.) Any health care plan may exclude a provider for cause.

The requirement that health maintenance organizations have a 30 day annual enrollment period for pharmacists wishing to participate in the plan was extended from July 1, 1986, to July 1, 1988.

Subsection (4) of s. 628.36, Stats., was created to require the Commissioner of Insurance to provide information and assistance to the Department of Employe Trust Funds, employers, employes, providers and the public regarding availability of innovative and cost-effective health care plans, both through the Employe Trust Funds and other sources.

Health maintenance organizations and preferred provider plans which provide vision care services must, according to new s. 632.87 (2m), Stats., provide enrollees with a listing of all available vision care providers (including optometrists), give enrollees an opportunity to choose an optometrist, have sufficient optometrists available to meet the need and may not restrict or discourage persons from using optometrists.

The mandated benefit for skilled nursing care in s. 632.895 (3), Stats., was amended to permit insurers to have a single deductible which may be applied to both the hospital and skilled nursing benefits in the contract.

Section 645.02 (7), Stats., was amended to provide that cooperative sickness care plans organized under ss. 185.981 to 185.985, Stats., are covered by Chapter 645 Insurers Rehabilitation and Liquidation.

Section 611.67, Stats., was repealed and recreated to permit health maintenance organizations, preferred provider plans and limited service health organizations to delegate management authority provided there is a written contract and the contract is filed with the Commissioner and not disapproved. In general, insurers may not delegate management authority to a person to the substantial exclusion of the board of directors. Management authority is defined as management control or control of underwriting, loss adjustment, investment, general servicing, the protection function or other major corporate function.

The authority and responsibility for computing the present value of any estate, annuity or interest of beneficiary under s. 879.65, Stats., was repealed.

Chapter 647 relating to continuing care contracts was amended to include a requirement that continuing care facilities have a grievance panel made up of residents chosen by the residents.

There were several provisions in the Act relative to medical malpractice and specifically the Patients Compensation Fund. The changes give authority to the Medical Examining Board, the Board of Nursing and the Department of Regulation and Licensing to use all panel records and findings, including patient medical records, in disciplinary procedures against a provider. The changes also require that certain claims information be provided to the Board of Governors, to the Director of Panels, to the Medical Examining Board, the Board of Nursing and the Department of Health and Social Services to use in

rating or disciplinary actions. The Board of Governors is also required to file quarterly reports with the Medical Examining Board regarding claims information. Immunity is granted to anyone who provides information to the Medical Examining Board or the Board of Governors.

Newly created s. 631.90, Stats., prohibited insurers from doing any of the following with regard to policies issued or renewed after the effective date: (a) require or request, directly or indirectly, any individual to reveal whether the individual has obtained an Acquired Immuno Deficiency Syndrome (AIDS) antibody test or what the result of the test was; (b) condition of provision of insurance coverage on whether an individual has obtained an AIDS antibody test or what the result of the test was; (c) consider in the determination of rates or any other aspect of insurance coverage whether an individual has obtained an AIDS antibody test or what the result of the test was. These provisions were substantially modified by Act 73.

Act 47 — relating to civil and criminal liability relating to alcohol beverages and providing penalties. Sections 125.035 Civil Liability Exemption: Furnishing Alcoholic Beverages, 125.037 Civil Liability Exemptions for Municipalities and 125.07 Under Age and Intoxicated Persons: Presence on Licensed Premises; Possession; Penalty, Stats., were revised to change the liability associated with the use of alcohol. One of the intents was that the changes would make it possible for insurers to provide liability coverage for servers of alcohol.

Act 56 — this act dealing broadly with pregnancy prevention programs and pregnancy services includes a section amending s. 632.895 (7), Stats., to require every group disability policy which provides maternity coverage to provide maternity coverage for all persons covered under the policy. The intent was that spouses and dependent children would be provided maternity coverage.

Act 73 — this act amended the statutes relating to testing for an antibody to the virus that causes Acquired Immuno Deficiency Syndrome and particularly changed s. 631.90, Stats., created by 1985 Wisconsin Act 29, to authorize tests for use in underwriting of individual life, accident and health insurance policies that the state epidemiologist finds medically significant and sufficiently reliable for the presence of an antibody to HTLV-III and that the Commissioner finds and designates by rule as sufficiently reliable for the use in underwriting individual life, accident and health insurance policies.

Act 83 — makes various changes in the worker's compensation laws - the advisory council's recommendations. A reference in s. 631.37 (3), Stats., is changed from "section 102.31 (1) (a)" to "section 102.31 (2)."

Act 99 — relates to the venue for medical malpractice actions. Section 655.19 (1), Stats., is amended to provide that if the claimant is a nonresident, the party may commence the action in the applicable county under s. 801.50 (2) (a) or (c), Stats., the county where the claim arose or the county where the defendant resides or does substantial business.

ADMINISTRATIVE RULES

Changes made in 1985 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.30 Annuity mortality tables.

This rule was adopted to permit the use of new annuity mortality tables in Wisconsin. These new tables have been adopted by the National Association of Insurance Commissioners and pursuant to s. 623.06 (2a) (b) and (d), Stats., may be adopted by the Commissioner for use in determining the minimum standards of valuation for contracts subject to the statutes. The new tables provide realistic standards that are desired and needed in Wisconsin. Effective 12/1/85.

Ins 3.09 Mortgage guaranty insurance.

Changes were made in this rule relating to mortgage guaranty insurance so that "policyholders position" will include the deferred risk charge established under subsection (13) (b). Previously, "policyholder position" only included the contingency reserve and surplus as regards policyholders. The minimum "policyholders position" is the amount an insurer is required to maintain in relation to the risk assumed.

Section Ins 3.09 (13) (b) requires that the portion of the first year premium, excluding policy and other fees or similar charges, which exceeds twice the subsequent renewal premium rate is to be amortized over a ten year term. Under certain circumstances, the Commissioner may approve a lesser term than ten years for the amortization of the deferred risk charge. This excess premium is described as a deferred risk charge. The establishment of an amortization of the deferred risk charge delays the generation of surplus which is required to support mortgage guaranty insurance risks. The delay in earning "deferred risk charges" creates a substantial period between the time the policy is originally written and the time the premium is available as surplus. The deferred risk charge is not a liability which will ever be paid out in cash. This liability results from the intent to defer the premium earnings process. Therefore the Commissioner concluded that it is appropriate to include this liability in "policyholders position." Effective 11/1/85.

Ins 3.13 Individual accident and sickness insurance.

Two parts of Ins 3.13 were changed to exempt Medicare replacement policies, as defined in s. 600.03 (28p), Stats., created by 1985 Wisconsin Act 29, from the "free look" provisions of s. 632.73 (2m), Stats., and to create a procedure for permitting enrollees in Medicare replacement policies to disenroll at any time and receive a pro rata return of unused premium. These changes were made on an emergency basis and became effective November 19, 1985, upon publication in the official state newspaper.

Ins 3.39 Standards for disability insurance sold to the Medicare eligible.

Several amendments were made to section Ins 3.39 to broaden its scope to include Medicare replacement policies. Medicare replacement policies are those policies sold to Wisconsin residents by federally qualified health maintenance organizations or federally certified competitive medical plans which have entered into a direct risk contract with the federal Health Care Financing Administration to provide health insurance benefits to Medicare beneficiaries. Section Ins 3.39 establishes minimum standards and disclosure requirements for Medicare replacement policies and the Commissioner found that verbatim adherence to the disclosure requirements is necessary because substantial adherence is not sufficient and liberalization of prescribed language would frustrate the purpose of the pre-

scription. The rule changes also revised some of the disclosure requirements for Medicare supplement policies. Effective 1/1/86.

Ins 3.40 Authorized clauses for coordination of benefit provisions in group and blanket disability insurance policies.

Changes were made in this rule to establish a new equitable mechanism for coordinating benefits of two or more group health plans in order to determine the primary plan (1) for dependent children who are covered by two group health plans as a result of both the mother's and the father's employment and (2) for laid-off or retired employes. The new mechanism to determine the primary plan for dependent children replaces an existing mechanism. The provision for laid-off or retired employes is new.

For dependent children, the amendment determines the primary plan (the one that pays first) for dependent children according to the birth dates, month and day only, of the parents. The plan for the parent whose birth date occurs earlier in the calendar year will be primary. The plan for the parent whose birth date occurs later in the calendar year will be secondary.

The primary plan for laid-off and retired employes will be the plan which covers the person as an active employe. The secondary plan for these individuals will be the plan covering the person as a result of retirement or lay-off. This applies to persons who retain coverage under the group after a lay-off or retirement.

The changes provide for a fall-back or default system to the current rule provisions in the event that both plans do not have the birth date or the laid-off or retired employe provisions. This allowance is necessary so that insureds are not harmed if they happen to be insured by two plans which both claim to be the secondary plan according to the rules of the particular plan.

Under the current rule, if both parents are employed and both have group health insurance which covers dependents, the primary plan for dependent children is the father's plan and the mother's plan is secondary. In the case of a person who is covered under two group health plans in his or her own right, the plan which has covered the person for the longer period of time is primary. This particularly applies to a situation where an individual is laid-off or retires, continues to be covered under the employer's group plan, and then secures other employment which also provides coverage for group health insurance.

The rule is designed so that the sex of the parent will continue to determine the primary plan until July 1, 1986. However, policies issued or renewed after the effective date of the amendments before July 1, 1986, must contain the language stating that as of July 1, 1986, the parent's birth dates will determine the primary plan for dependent children. This results in all policies for all companies changing from the sex to the birth dates of the parents in the same day. This will result in ease of administration and fewer claim delays. Effective 8/1/85.

Ins 3.46 Standards for nursing home insurance.

References in s. Ins 3.46 (1) and (3) (b) to s. 632.78 (4), Stats., were replaced by the renumbered statute, s. 632.895 (3). Effective 4/1/85.

Ins 3.52 Extension of coverage when an employe transfers from one available employer-sponsored health care plan to another health care plan sponsored by the same employer.

Section Ins 3.52 was adopted on an emergency basis to establish an orderly mechanism to assure the fair treatment of persons who (1) transfer coverage from one group health plan offered by an employer to another group health plan offered by the same employer and

(2) are hospitalized on a last day covered under the prior plan and the first day covered under the succeeding plan. The rule requires the prior plan to continue to provide coverage for the hospitalized person for as long as he or she is hospitalized. The succeeding plan provides coverage for all non-hospitalized family members on the effective date of coverage and for the hospitalized person as soon as he or she is discharged from the hospital. Effective on an emergency basis upon publication in the official state newspaper on 12/6/85.

Ins 6.57 Listing of insurance agents by insurers.

Subsection (5) of this rule was amended to eliminate reference to intermediary brokers because the licensing of intermediary brokers was excluded by amendment of s. 628.04 (1), Wisconsin Statutes, by Chapter 38, Laws of 1981. Effective 1/1/85.

Ins 6.58 Licensing of corporations and partnerships as insurance intermediaries.

Subsection (3) of this rule was amended by the creation of paragraph (b) to state that determination of the acceptance or rejection of the completed application shall be made within 60 business days. This change was made to comply with s. 227.0105 (1), Wisconsin Statutes, created by 1983 Wisconsin Act 91 which requires that an administrative rule state the period of time within which the commissioner shall accept or reject a completed application. Other renumbering changes were made. Effective 1/1/85.

Ins 6.59 Licensing of individuals as agents.

Subsection (4) of this rule was amended to provide that determination of the acceptance or rejection of a completed application shall be made within 60 business days. This change was made to comply with s. 227.0105 (1), Wisconsin Statutes, created by 1983 Wisconsin Act 91, which requires that administrative rules state the period of time within which the commissioner shall accept or reject a completed application. The rule was also amended to describe when an application is completed.

Subsection (8) of Ins 6.59 was created to establish the requirements for residency for licensing purposes and to provide that a licensed nonresident agent, after becoming a Wisconsin agent, may retain authority under the nonresident license for a maximum of 60 days. A licensed resident agent, after becoming resident of another state, may retain authority under his present agent license for a maximum of 60 days. If an agent changes residency status and becomes licensed under the new status, all authority granted by the license issued under the former status shall terminate on the date the new license is issued. Criteria used to establish residency includes the jurisidiction for payment of state taxes, for automobile driver's license and motor vehicle registration and location of voter registration and principal residence. Effective 1/1/85.

Ins 13.06 Surplus requirements - town mutual insurance.

Subsection (3) was amended by creating paragraphs (b) and (c) to establish specific requirements for town mutual insurers writing nonproperty insurance. If a town mutual insurer retains any portion of a risk covered by nonproperty insurance, the town mutual shall obtain reinsurance on that nonproperty business with an insurer authorized to do business in the state. The maximum aggregate liability for incurred losses on nonproperty coverage retained by a town mutual for any calendar year or contract year may not exceed the lesser of $200,000 or 20% of its surplus as of the preceding December 31.

Paragraph (c) provides that a town mutual may retain nonproperty insurance coverage not to exceed a proportional share of each limit of liability as shown in the schedule in the rule which varies from 15% retention if the surplus the preceding December 31 was $1 million or greater and 0% retention if the surplus was under $200,000.

Subsection (6) of the rule was changed to provide that the commissioner may take into consideration the experience, management and any other significant information about an individual town mutual insurer in determining whether to approve or disapprove town mutual property and nonproperty reinsurance and in setting of minimum surplus requirements. Effective 1/1/85.

Ins 15.01 Exemption of warranty plans.

Subsection (6) (c) of Ins 6.57 was created to comply with s. 227.0105 (1) as created by 1983 Wisconsin Act 91 which requires that administrative rules state the period of time within which the commissioner shall accept or reject a completed application. The amendment provides that applications for limited certificates of authority for warranty plans must be accepted or rejected within 60 days. Effective 1/1/85.

Ins 17.25 Wisconsin Health Care Liability Insurance Plan.

Several subsections of this rule were amended to correct a previous oversight and to incorporate partnerships and corporations comprised of and owned by physicians, podiatrists and nurse anesthetists as qualified health care providers authorized to participate in the Wisconsin Health Care Liability Insurance Plan. Amendments were also made to implement revisions made to ss. 619.01 and 619.04, Stats., by 1983 Wisconsin Act 158 relating to adjustments in rates and surplus of health care liability insurance plans. Subsection (15) was amended to change commissions to licensed agents as adopted by the Board of Governors. Commissions to licensed agents are 15% for each new or renewal policy issued to physicians, nurse anesthetists and podiatrists subject to a maximum of $150 per policy. Commissions are 5% of the annual premium for new or renewal policies issued to cooperative sickness care plans, teaching facilities, hospitals, or health care facilities owned or operated by political subdivisions of the state of Wisconsin, not to exceed $2,500 per policy period. Effective 6/1/85.

Ins 17.28 Health care provider fees.

Changes were made in this section to establish health care provider fees with the Patients Compensation Fund for the period July 1, 1985, through June 30, 1986, and to establish an orderly system by which the health care providers are billed and pay the fees. The revised fees represent a 90% increase over the 1984-1985 fees for all health care providers except podiatrists whose fees were frozen at the 1984-1985 level.

On July 1, 1985, providers were billed the fees that each had been assessed for fiscal year 1984-1985. On January 1, 1986, and again on April 1, 1986, each provider except podiatrists were to be billed one-half of the difference between the 1984-1985 assessment and the 1985-1986 assessment. Also with the January and April billings all providers except podiatrists were to be billed an assessment for one-half the interest that the Fund could have collected had the 1985-1986 assessment been paid in total in July 1985 and one-half the provider's share of the administrative costs incurred to develop and administer a three-part billing system. The changes also set forth an orderly and equitable means to collect fees from providers who join the Fund any time after July 1, 1985.

At the recommendation of the Legislative Rules Clearinghouse, a description of the health care provider medical specialties included in the various classes is included in the rule. Effective 8/1/85.

The system by which health care providers are billed and pay fees to the Patients Compensation Fund for fiscal year 1985-1986 was changed effective January 1, 1986, to give providers options as to the mode of payment. The requirement that providers are

assessed a separate administrative fee to cover the costs of developing a multi-billing system was also deleted.

As a result of these changes on January 1, 1986, all health care providers except podiatrists will be billed one-half the difference between the 1984-1985 assessment and the 1985-1986 assessment. Providers will be given an option of paying the remaining fee in one payment in January 1986 or in two equal payments — one in January 1986 and one in April 1986. Providers will be assessed interest on that portion of the fees not paid in July 1985 but will not be assessed for administrative costs to develop the multi-billing system. Effective 1/1/86.

Ins 18.07 Coverage - Health Insurance Risk-Sharing Plan.

Subsection (5) (b) 1. was repealed and recreated to modify the schedule of premiums for the Health Insurance Risk-Sharing Plan to reflect current industry rates in accordance with the statutory basis of the plan s. 619.17, Stats. Effective 1/1/85.

The actuarial advisory committee for the Health Insurance Risk-Sharing Plan recommended that rates for the Medicare plan be modified to reflect current industry rates in accordance with the statutory rating basis of the plan. There was no recommended change in the rates for the major medical plan. The amendments increase the Medicare plan rates approximately 10%. Effective 1/1/86.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Stats., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Stats., authorizes the commissioner of insurance to create advisory councils and committees to assist in dealing with regulatory problems. The commissioner is to provide by rule for the creation, governance, duties and termination of any council or committee which is established. The expert advice provided the commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the office of the commissioner of insurance is involved follows:

Insurance Security Fund Board

This board administers the insurance security fund established by Chapter 646, Stats., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The commissioner of insurance, along with the attorney general and the state treasurer, are members of this board and serve with seven representatives of insurers subject to Chapter 646, Stats., appointed by the commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin retirement board is created in the department of employe trust funds by s. 15.165 (3) (b), Stats. It is a nine-member board. Seven members represent employers or employees who participate in the Wisconsin retirement system; one is a public member and one is the commissioner of insurance or an experienced actuary in the office of the commissioner of insurance. During 1985 M. E. Van Cleave, Assistant Deputy Commissioner, was designated to serve on this board. The board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Employe Trust Funds Board

The employe trust funds board is authorized by s. 15.16 (1), Stats., with power set out in s. 40.03 (1), Stats. The board authorizes and terminates payments of annuities and benefits under the public employe trust fund chapter; approves the tables to be used for computing benefits under the Wisconsin retirement system; appoints the secretary of the department of employe trust funds; selects and retains an actuary; approves contribution rates and actuarial assumptions; approves or rejects administrative rules proposed by the secretary and has other related powers. Four of the members of this board are appointed by the Wisconsin retirement board. M. E. Van Cleave was appointed January 19, 1982 as one of

the representatives of the Wisconsin retirement board on the employe trust funds board to serve for a term to expire May 1, 1986.

Group Insurance Board

Section 15.165 (2), Stats., created a group insurance board in the department of employe trust funds. The commissioner of insurance or designee is a member of the board. The group insurance board is authorized to enter into contracts with insurers to provide the group insurance plans provided for by this chapter or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employees under Chapter 40. The specific powers of the board are enumerated under s. 40.03 (6), Stats. During 1985 Lou Turner Zellner, Deputy Commissioner, was designated by Commissioner Fox to serve as a member of the group insurance board whenever the commissioner was not able to serve.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Stats., functions under the state board of vocational, technical and adult education, and furnishes advice and guidance to the board in the establishment and maintenance of training programs in fire prevention and protection. The council comprises representatives from the division of emergency government (bureau of civil defense and disaster control), the department of industry, labor and human relations and the office of the commissioner of insurance, together with six members of fire departments appointed by the governor for staggered six-year terms.

During 1985 the commissioner of insurance was represented on this council by Norman J. Wirtz, Insurance Analyst.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Stats. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the governor, the commissioner of insurance or a designated experienced actuary in the office and the secretary of the department of employe trust funds.

This committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

During 1985 the commissioner's office was represented on this committee by M. E. Van Cleave, Assistant Deputy Commissioner.

Retirement Research Committee

This committee performs duties mandated under s. 13.51, Stats. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the governor and the legislature.

During 1985 M. E. Van Cleave, Assistant Deputy Commissioner, served on the committee.

Property and Casualty Advisory Council

This council, created by Wisconsin Administrative Code section Ins 6.79, advises the commissioner on regulatory matters in the areas of property and casualty insurance. The council has four insurance company members, two agent members and three public members. The members who served during 1985 are listed below:

COMPANIES IN LIQUIDATION

ALL-STAR INSURANCE CORPORATION, IN LIQUIDATION

During the year 1985, the Liquidator reported the status of net liquidated assets as follows:

Assets at January 1, 1985	$ 9,290,565
Additions, Net of Administrative Expenses	2,921,870
	$12,212,435
Less Claim Distributions	5,530,439
Net Liquidated Assets at December 31, 1985	$ 6,681,996

In June, 1985, the Liquidator was able to pay an additional partial distribution of assets of 25% of Class 3 claims approved by the Court. The cumulative pro rata share of Class 3 approved claims, which has now been paid to claimants, is 60% and amounts to $11,913,862 as of December 31, 1985.

There is likely to be one further distribution; however, the amount and date of such payment cannot be determined at this time.

There were 22 additional claims filed with the Liquidator during 1985, bringing the total of claims filed in liquidation at December 31, 1985, to 7,448 distributed as follows:

TYPE	CLASS	NUMBER
Administration	1	3
Wages	2	2
Losses	3	3,662
Unearned Premium	4	2,695
General Creditor	5	1,025
Miscellaneous Subordinated	8	57
Proprietary	11	4
		7,448

In accordance with the Court's Order dated November 28, 1983, Class 3 claims filed after March 1, 1984, have been classified as late filed, pursuant to s. 645.68 (8) d, Stats. Since assets are insufficient for any distribution to this class of claims, claimants are being advised of the classification assigned so that they may exercise their right of appeal.

Court-approved determinations through December 31, 1985, on Class 3 claims amounted to $19,947,656. A total of 3,662 Class 3 claims were filed against the estate, of which 139 were still unresolved on December 31, 1985.

While the final aggregate asset figure cannot yet be accurately predicted, it is certain that there will not be sufficient assets to pay loss claimants in Class 3 in full. Consequently, claimants in classes other than Class 1, 2 or 3 will not participate in the distribution of All-Star's assets.

Of the 3,781 claims in classes junior to Class 3, only 34 were unresolved as of December 31, 1985. It is anticipated that these will be resolved in the near future.

The Liquidator is continuing to pursue the recovery of other assets which are due the estate of All-Star. Recoveries are anticipated from reinsurance proceeds, additional suits and through the disposition of furniture and equipment.

STATUS REPORT ON BALDWIN-UNITED CORPORATION AND SUBSIDIARIES

Early in 1983, Baldwin-United Corporation announced it was unable to repay the bridge loan secured for the purchase of MGIC Investment Corporation (Investment) in 1982. In May 1983, the Wisconsin Commissioner of Insurance placed supervisory orders on the six Wisconsin domiciled insurance company subsidiaries of Investment. The subsidiaries include Mortgage Guaranty Insurance Corporation (MGIC), the nation's largest private mortgage insurer, and AMBAC Indemnity Corporation (AMBAC), primarily a municipal bond insurer.

In July 1983, six Baldwin-United life insurance companies including National Investors Life Insurance Company (NILIC) and University Life Insurance Company (University), which are licensed in Wisconsin, were placed into rehabilitation by the Arkansas and Indiana Insurance Commissioners. A rehabilitation plan for the companies was developed by Arkansas and Indiana with the assistance of the National Association of Insurance Commissioners (NAIC) Options Committee, of which Wisconsin served as chair. The rehabilitation plan provided a number of options from which policyholders could choose during the three and one-half year rehabilitation period. NILIC and University specialized in the sale of single premium deferred annuities (SPDAs).

A class action settlement was approved in May of 1985 which would benefit customers of certain securities brokers. In March of 1986, an enhancement plan which would expand both the broker's settlement and the original rehabilitation plan was approved by a federal court. Further approvals are needed by the Indiana and Arkansas Rehabilitation Courts.

MGIC was removed from the Baldwin group as a result of the sales transaction of February 28, 1985. Northwestern Mutual Life Insurance Company was the principle investor in the ongoing MGIC. AMBAC, with investments from a group led by Citicorp, was removed from the Baldwin group as a result of transactions on June 28, 1985. Both MGIC and AMBAC continue as Wisconsin domiciled insurers.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner.

Martell Mutual policyholders suffered windstorm losses of approximately $5,100,000 on July 15, 1980. Inadequate reinsurance and a pre-existing weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling $2,925,973 and collections exceeded 94%.

Assets were collected and a major lawsuit settled which permitted a refund to policyholders of all unearned premiums and also 81% of the second assessment on June 30, 1983.

All claims and expenses of the administration incurred to date have been paid in full.

Many of the Martell agents had unearned commissions due to the company. All of them have been sued and litigation is pending at this time, and should be resolved by July 1, 1986.

During 1985 a total of $14,207.10 was collected on delinquent policyholder assessments. Some receivables have been charged off because of bankruptcies. At the present time there is $47,140.78 owing to the liquidator for unpaid assessments and an additional $106,666.03 for penalties and interest.

The office building which served as the headquarters for Martell Mutual was sold for $21,900.00 in August 1985.

There are miscellaneous assets and claims that need to be finalized before this liquidation proceeding is closed.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, which contains substantially all of the assets and liabilities of Reliable Life and Casualty Company ("Reliable"), was created and ordered into liquidation by the Dane County Circuit Court (the "Liquidation Court"), effective October 7, 1981. On December 31, 1985, the Wisconsin Insurance Security Fund (the "Fund") was administering 14,811 guaranteed renewable health and disability policies pursuant to the "continuation of coverage" provisions of Ch. 646, Stats. This is a decrease of 26 percent from the approximately 19,889 policies being administered by the Fund as of December 31, 1984.

Mutual of Omaha administers the continued business for the Fund. By December 31, 1985, two assessments totaling $10.5 million had been levied by the Fund to pay policyholder claims and administration expenses. The Fund is actively seeking a private carrier willing to assume the remaining business.

Discovery proceedings in the Special Deputy Liquidator's lawsuit against Reliable's former certified public accountants and consulting actuaries continued in 1985. As of January 31, 1986, no trial date had been set. Amended pleadings were filed by the parties in July and August, 1985. The trial court, which is not the Liquidation Court, ruled upon all pending pretrial motions in November, 1985. Additional pretrial motions have been filed by the parties and await hearing by the trial court. The State Court Administrator assigned a new judge to this litigation in January, 1986.

In its July, 1985, Amended Summons and Complaint, the Liquidator joined NRG America Life Reassurance Corporation ("NRG"). The Liquidator demanded in excess of $10 million pursuant to two reinsurance treaties. In discussions with counsel, NRG has denied any liability to the Liquidator and asserted that it was entitled to rescission on the grounds that it had relied upon erroneous financial inforamtion furnished to it by Reliable at the time the treaties were negotiated. Upon motion by NRG, an Order was entered on November 20, 1985, by the trial court staying the Liquidator's action against NRG to permit arbitration based on arbitration clauses contained in the treaties.

In December, 1985, NRG offered $2.75 million to settle all claims between the Liquidator and NRG. NRG and the Special Deputy Liquidator have signed a Settlement Agreement subject to the approval of the Liquidation Court. It is anticipated that a petition to approve the Settlement Agreement will be presented to the Liquidation Court early in March, 1986.

The process of adjudicating the claims of Reliable's former agents continued in 1985. The Liquidation Court approved the Liquidator's recommendations on 135 agents' claims for commissions. Those claims that were allowed will be paid when, and if, sufficient funds become available to pay claims under s. 645.68 (5) and (8), Stats., classes.

On November 18, 1985, the Liquidation Court approved a settlement between the Liquidator and SoPark Corporation ("SoPark"). SoPark had filed a claim against the Liquidation Estate and initiated litigation against the Liquidator for rent and other lease charges due from Reliable for the period in which it was in rehabilitation. The Court approved a settlement recommended by the Liquidator which involved payment of rent and tax escalators in the total amount of $26,658.83 as administrative costs under s. 645.68 (1), Stats.

The process of converting Reliable's remaining tangible assets into cash continued in 1985. The only substantial tangible assets remaining to be liquidated are certain securities valued at approximately $1.2 million, held by the State Investment Board and two states, a real estate parcel valued at $180,000 and a mortgage receivable with a face value of approximately $6,000. The real estate parcel is subject to an offer to purchase which contains financing, rezoning and other contingencies that have not been removed.

Real estate sales in 1985 generated approximately $1,450,000. Of this amount, approximately $820,000 represents payoffs of land contracts executed in earlier years. The Liquidation Account had a cash balance of $3,137,295 on December 31, 1985. At present, liquid assets are insufficient to pay a dividend to any creditor lower than Class 3. Reports on the status of the liquidation are periodically filed with the Dane County Circuit Court.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for directing most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process. The Administrator is also responsible for general program and policy development in the Division.

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; conducting field reviews of insurer marketing practices; investigating agent and insurer activities; preparing enforcement proceedings; researching appropriate law; and recommending administrative actions to correct violations discovered.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects fees for the fire department dues program.

BUREAU OF FINANCIAL EXAMINATIONS

The Financial Examinations Bureau's principal function is to monitor the financial condition of all insurers licensed to market insurance in Wisconsin and determine whether the insurer's financial soliditiy is acceptable for continued operation in Wisconsin. Monitoring includes the examination of companies and the analysis of statements submitted to the department. Monitoring activities also include the review of CPA audit reports and updates to the company profile data base.

The Bureau's activities continue to be adjusted to provide for more financial analysis of insurers. In addition, the Bureau expanded its utilization of targeted and limited examinations.

During company examinations, personal computers are being utilized to automate exam organization, ledger verification, testing of reserve adequacy, report drafting and graphics.

Bureau staff has assisted in the development of proposed administrative rules for health maintenance organizations and limited service health organizations. The staff also has been involved in the development of an office on-line data base system which will aid in the financial monitoring and analysis of insurers. The system will also replace a number of manual systems and improve responses to public inquiries (see Bureau of Staff Services).

The bureau also maintains and reviews holding company filings required by Wisconsin Administrative Code section Ins 12.01; reviews financial reports for surplus lines insurers; collects quarterly and year end premium taxes; and collects fire department dues as required by s. 601.93, Stats. In addition, the bureau handles applications for Certificates of Authority, amendments to Certificates of Authority and also approves mergers of insurance companies (see changes in Corporate Licenses).

BUREAU OF MARKET REGULATION

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance rates, underwriting rules, advertising practices, and policy forms. Responsibilities also include reviewing complaints and conducting market conduct examinations. Market conduct examinations focus on general business practice and are designed to detect and correct problems in sales and advertising, underwriting, and claims handling.

Bureau activities include research projects relating to policy forms, analysis of benefit costs, underwriting practices and procedures, complaint analysis, and administrative rule development.

Among the major accomplishments in 1985 were:

- review and subsequent approval of the 'claims made' liability program
- development of an industry-wide survey of liability insurance availability
- assisting in the creation of a title rule limiting the control of business
- reviewing company medicare supplement rate revisions for companies whose loss ratios continued to be significantly lower than the law requires

- development of standards for the review and approval of medicare replacement contracts
- assisting in the development of a new coordination of benefits rule for group and blanket disability insurance
- performed several on-site visits to HMOs to acquaint the HMOs with regulatory requirements and to acquaint bureau personnel with the operations of the HMO
- creating a rule setting forth new minimum standards of valuation for annuity and pure endowment contracts
- participating in the development of a rule to establish financial and other standards for health maintenance organizations doing business in Wisconsin
- assisting in examining companies for compliance with rate and form and underwriting laws
- participation in the development of a mechanized record retention system
- participating in the monitoring of residual market mechanisms including the Wisconsin Workers Compensation Insurance Pool, Wisconsin Automobile Insurance Plan, and Wisconsin Insurance Plan. The staff also participated on the Wisconsin Arson Insurance Council and the Commissioner's advisory councils.

Complaints

The tables below summarize complaint data for 1985. Table I also shows a comparison of complaint activity over the last five years. A complaint is defined as an expressed dissatisfaction with an insurance company or agent. Complaints may initially be received in person, by telephone or in writing. To be considered as a formal complaint and to initiate an inquiry or investigation, a complaint must be made in writing. In addition to the 7,739 formal complaints, the bureau also handled about 40,000 general inquiries or requests for information in 1985. Most such inquiries were by telephone, but there were also many written communications and 'walk-ins.'

IV - DIVISION OF ADMINISTRATIVE SERVICES AND POLICY ANALYSIS

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency, including word processing, data processing, the licensing program for insurance agents, personnel, payroll and internal mail service.

Agent Licensing Section

During 1985, 14,278 candidates registered for the major examinations: life, accident & health, property and casualty. Of that number 12,176 tested; 7,837 candidates passed. For the limited lines examinations of auto, title, credit life/sickness and town mutual non-casualty, 659 candidates registered and tested; 443 candidates passed.

As of December 31, 1985, there were 48,357 agents and 269,135 active agent listings.

Data Processing Section

In the past year, the Data Processing Section implemented the provider ISO code and claims systems for the Patients Compensation Fund. The provider database is accessible on-line for inquiries only. The claims database is accessible on-line for inquiry and update.

The Data Processing Section also developed and implemented the new business system for the State Life Insurance Fund. All life insurance policy applications are entered and updated on-line.

The Data Processing Section started development of an integrated company database. The first phase focuses on the Bureau of Financial Examinations. As part of the development phase, data processing staff completed the following documents:

1. Needs Analysis
2. Systems Requirements Document
3. Systems, Design Alternatives
4. General Company Subsystem Design Specifications
5. Financial General Company Subsystem Design Specifications

Completion of this phase includes implementation of a general company on-line system for answering inquiries concerning general company information and some general company financial information.

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available to tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1985, the Fund insured 27 counties, 131 schools, 73 cities, 45 towns, 64 villages, and 25 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of July 1, 1985 was $5,626,916,609.

Based on favorable loss experience and investment income, the Fund has declared the following dividends:

Fiscal Year	Dividend
1979-80	45%
1980-81	10%
1981-82	15%
1982-83	50%
1983-84	50%
1984-85	18%

The program continues to be administered on a contractual basis.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by an 11-person Board of Governors which consists of five insurance industry representatives; an attorney named by the State Bar Association; a physician named by the Wisconsin Medical Society; a hospital representative named by the Wisconsin Hospital Association; the Commissioner of Insurance; and two public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers.

On June 30, 1985, there were 156 hospitals with 40 affiliated nursing homes, 6,444 physicians, 327 nurse anesthetists, and 140 podiatrists participating in the Fund.

Effective July 1, 1980, Chapter 655 was amended to provide that financial reports of the Fund should be on an accrual basis and that reserves should reflect present value (credit for interest to be earned prior to actual payment). The following financial reports as of June 30, 1985, reflect these statutory requirements.

It should be understood that the deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of $23,334,679 on June 30, 1985. The deficit equates to the projected unfunded liabilities outstanding if the Fund ceased to collect further assessments.

From July 1, 1975 through December 31, 1985, 1,360 claims were filed in which the Fund was named. One hundred fifteen claims had been paid for a total of $48,794,213. Five hundred seventy-six claims had been closed with no payment. Eighty-seven cases were reserved for $47,629,000.

HEALTH INSURANCE RISK-SHARING PLAN

The Health Insurance Risk-Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. HIRSP is governed by a nine-member board. Through a selective bidding process, Mutual of Omaha was chosen as administering carrier for the plan. The plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

The plan was originally designed to be self-sufficient, except that for the first three years of operation the statute required that premium rates not exceed 130% of the standard individual rate for substantially similar coverage. Effective July 2, 1983, the statute was amended to eliminate the self-sufficiency requirement and allow premium rates which do not exceed 150% of the standard individual rate for substantially similar coverage. This change was necessary because an estimated 370% rate increase would have been required on July 1, 1984 to make the plan self-supporting. Expenses of the plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1984, insurers were assessed $1,700,000. There was no assessment in 1985.

The plan was in full operation on July 1, 1981, and on December 31, 1985, covered 1,919 policyholders.

The 1985-87 biennial budget created a fund for the purpose of assisting low income policyholders to pay plan premiums. On December 31, 1985, 574 policyholders were receiving the subsidy.
